ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

I respectfully submit my second annual report as Superintendent of Schools for the town of Hill. This report covers the calendar year ending December 31, 1946.

Few communities the size of Hill are as fortunate in having such fine accommodations for school children. Such a splendid centrally located building, well heated, well lighted and provided with adequate play areas would be an asset to any community. The condition of the interior of the building is such that it would be a wise investment to repaint the interior of the school during this summer vacation.

The administration of standardized achievement tests during the past year has given evidence of the effective school program in operation. The low pupil-teacher ratio presents an opportunity for individual instruction. Many of the pupils in Hill are doing work much in advance of their grade level.

Under the State law, the only excuse for non-attendance at school for any pupil who has not completed the eighth grade and is not fourteen years of age is that of ill health. It is the parents' responsibility to see that children are in attendance every day that school is in session. Poor attendance is often a contributing factor to unsuccessful school work. The cooperation of parents is respectfully requested.

The splendid cooperation of your School Board and teachers makes my a job a pleasant one.

Respectfully submitted,

DONALD W. DUNNAN,
Superintendent of Schools.
